

Construction Solutions.

Bridgeman has one of the most trusted, skilled, and highly certified construction teams in Australia. With over 25 years of experience working within the construction industry, our team are motivated and committed to delivering the best solutions for your organisation.

One of our key strengths is our capability to adapt and diversify when and where needed. From minor refurbishments to major construction projects, we pride ourselves on our capability and capacity to provide flexible solutions, over and above the scope requirements.

Our priority is the health and safety of our people, our clients, contractors, and our community. Bridgeman holds an Open Builders Licence and is proudly ISO Accredited for Quality Management Systems, Environmental Management Systems and Occupational Health & Safety Management Systems.

We provide our services to a large range of sectors including Education, Government, Defence, Commercial, Health and Aged Care and Mining and Resources.

At Bridgeman, we are accountable, transparent, open and honest and deliver the results we promise. We provide a large range of quality, cost effective construction services through a single point of contact, saving you time, money and hassle.
